AMBERGER ON THE DALY-WEST

esident of the Company Talks at Cincinnati.

DLD ORE NEAR LAS VEGAS

IITED STATES DECLARES A **DIVIDEND OF \$225,000**

West Mining company, dropped the dissatisfied camp of Cincinaccording to the Cincinnati Enr, the 500 or more of them were nce on the move. The stockhold-the paper says, are very earnestly ounding the question: "What is matter with Daly-West?" while dent Bamberger asserts that he. st as earnestly endeavoring to as-in what is the matter with the

cinnati shareholders.

Coincident with the arrival here of sident Bamberger," the paper says, a local stockholders received by I from Salt Lake City yesterday there from W. S. McCornick, treasor of the company, asking for proximation of the company asking for proximation of the company asking specific proximation of the company asking proximation of the company asking specific proximation of the compan are advertising for proxies, very atly excited local holders. Indicions apparently were that a contest the control of the property is on, I is being waged furiously, but this emphatically denied by President mberger, who says that the asking proxies by Treasurer McCornick is nove in support of the present adistration. The proxies asked for test Bamberger are the regular xies sent out each year by the oflass of the company. It is rumored eastern parties are also of the company. It is rumore eastern parties are also gatherin

Agitation at Cincinnati.

r the past six months affairs o Daly-West mine have been a subof endless gossip and much public Of all mining ventures it i bably the most extensively held to fits class in this city. Large the same held by prominent people. Company is capitalized at \$3,600,-divided into shares of \$20 each. Original local holders who went the venture with President Bamger "got in" at \$5 a share, and later, by Bamberger and his associates ased the control, others came in a share. The stock at the last and paid 40 cents a share a month mors relative to it were started sudden decline in the market

the committee received an assurof representation in the director-and will follow the original inten-of sending a delegation to perlly attend the meeting and visit

Bamberger Speaks Plainly.

Then seen at the St. Nicholas ho-ast night President Bamberger de-that he made any specific promrelative to representation in the

have and I have not, he said. the claims they make about repre-ting so much stock are true, and uess they are, as I know the gen-nen personally and have always and them to be honorable, their cause ust. But they must show me. I haven't come to make a fight isk for proxies; I have no apoloto ask or favors to give or ask he committee represents what it is, why then let it select some ms, why then let it select some utable citizen as a director and he certainly be elected. At present re are only four directors, the proon being for five, there being a ancy. It is probable that we will ease the directorate to seven, and this event if the local people can ry out the plans by sufficient votes y will get two directors. You can te that the mine, as far as I can is in excellent condition. I can is in excellent condition. I can ibe no reason for the decline in market price of the stock other the action of the local people in ating the matter and advertising proxies.'
Mr. Bamberger says he has votes
ugh to control the mine."

STRIKE NEAR LAS VEGAS.

ppings From Big Porphyry Ledge Assay \$992.16 in Gold.

ch has been made along the line the San Pedro during the season is t just reported by H. J. Humph-s, formerly of Montana and well t just reported by H. J. Humphs, formerly of Montana and well with in mining circles here. Samples mitted to F. M. Bishop for assay e tried yesterday and gave returns \$992.16 to the ton in gold. The perty in which the discovery has a made is located in Eldorado canda, near Las Vegas, Nev. It is owned I is being operated by Mr. Humphs, Dr. H. L. Hewetson, F. S. Hall i James Beckman, of Las Vegas. I a letter which accompanied the aples Mr. Humphreys says that in gulch which cuts through the thirn claims held by himself and asiates "colors" can be obtained anyere. Old miners who have examd the ground are unanimous in the nion that the recent strike the best that has been de in that region for a long g. That opinion was expressed beethe samples of the ore were sent for assay, and returns indicate that men who sized up the proposition re not lacking in judgment. The outcrop from which the samples re secured is described as being a vorable porphyry," similar to the idfield rock, and development is mited upon to make a great show-

New Goldfield Company.

the Tri-Metal Mining company of idfield. Nev., filed articles of incor-ation yesterday in the office of the retarx of state. The headquarters the company is at Ogden, and it has

Directors Post One of 50c a Share in Boston.

A special wire from Boston to James A. Pollock & Co. yesterday brought the information that the United States Mining company had posted a dividend of 50c a share. According to the best information obtainable here, this will call for the disbursement of approximately \$225,000, as the issued stock of the comszcs.,000, as the issued stock of the company is understood to be in the neighborhood of 450,000 shares. The dispatch did not say when the disbursement would be made, but the presumption is that it will be on the 15th of next month and go to shareholders of record on the 1st. This is the company's second dividend and runs the total up to \$450,000. dend and runs the total up to \$450,000.

A semi-official statement is also reported from Boston as having been made. No information on what the statement contained had been received

INSTALLING POWER DRILLS.

New England Company Prepares to

Manager Henry M. Adkinson of the New England Gold & Copper Mining company's Bingham properties, yester-day purchased through Fred C. Richmond a full outfit of Wood power drills.
They will be installed at the earliest possible moment and, for the remainder of the winter, fur wifl be made to

copper-lead-gold camp and, while there is already a fine showing in the mines Manager Adkinson is determined to open up a large area of new territory during the next few months. He has been making splendid headway, considering the fact that all work had to be done by hand, and it will be a relief to him to know that he is in shape to make two or three feet for every one he has had to content himself with in the past.

Bingham Mining Notes. the past.

MINING STOCK EXCHANGE. New York Is Unloaded in a Stagnant

New York and Wadash were the enly stocks dealt in on the mining exchange resterday, total transfers amounting to which was \$4,151.75.

(Special to The Herald.) Boston, Jan. 27.—Adolph Lewissohn forms his friends that it is true that e sold his Utah stock some months 000 shares), but that he has been ng some of it back recently. He says he expects to see Utah Consolidated sell at \$50 per share in the not distant

An inside interest in Utah Consoli-dated says that the next dividend will

SUES THE CARISA.

Lessee in the Property Claims the Company Violated Its Contract.

A. Del Roberts yesterday began suit in the district court to collect \$473.96 alleged to be due on a contract. He says that this contract required the defendant to hoist ore out of the mine for 50 cents a ton, and bound the plaintiff to pay the defendant 33 1-3 per cent of the net value of the ore taken out. The defendant was to ship and sell the ore taken out and retain what was due it under the and retain what was due it under the contract.

The allegation is made that the de-

(Bingham Bulletin.)

The United States Mining company has just installed a new tram controller at the upper head house.

Teams hauling freight to the New Haren have had to reduce the size of their oans on account of the rough condition of the roads.

Cools and John Metson are the contractors.

Shipments from the Utah-Apex will cease after the removal of about 100 tons on the dump. It is almost impossible to keep the roads open for heavy hauling during the winter season, and the present thaw has made them all but impassable. The Yampa is putting an electric generator and motor into the mine, in order to dispense with horses in the tunnel. The foundation for the generator building is ready and the building will be completed by Feb. 1. The work is under the supervision of Superintendent W. J. Craig.

The Copper Belt road hauled the follow-

Utah Stocks in Boston.

(Special to The Herald.)

James A. Pollock & Co., bankers and brokers, yesterday received over their private wire from Palne, Webber & Co., one of their Boston correspondents, the following copper market comment and record of sales of Utah stocks on the Boston market, with range and closing.

Boston, Jan. 27.—The copper market to-day failed to come up to expectations. Although stocks opened strong this morn.

UPWARD TREND

Brisk Movement at the Opening in Wall Street.

New York, Jan. 27.-The upward course of prices in the stock market which set in yesterday continued quite briskly this morning and the market for a time showed strength and breadth. for a time showed strength and breadth. Considerable buying for London account helped to this end. But the force of the demand seemed to be spent towards the latter part of the day and there was a notable falling off of the volume of dealings and some re-actions in prices. The news offered no explanation for the dying out of the demand, but the fact was noticeable that the recovery had about made up average recovery had about made up average classes of the earlier part of the week. The demand hesitated at about the recovered level. The feature of the lat-ter part of the day was the large num-ber of industrials of all classes which were pushed upwards successively. The minor iron and steel stocks and those or trades allied with the metal in-dustries were especially conspicuous in the movement. Equally conspicuous was the fact that the premier in in-dustrials, the United States Saeel stocks and Amalgamated Copper, were heavy and laggards in the movement. The same was true of the electrics and smelting. This led to the inference

the minor industrials. The ultimate the minor industrials. The ultimate yielding of Amalgamated Copper to the realizing pressure sharpened this susticion. The advance of Northern Securities on the curb to a new high record stimulated the strength in the Harriman stocks and Erie kept up its accompanying movement as for some time past. Reading's strong statement of December net earnings was a help time past. Reading's strong statement of December net earnings was a helpful factor for the coalers. Railread carnings reports otherwise were helpful to stocks. The entering upon the stage of rate cutting of the dispute ever the export grain traffic for the Atlantic and the Gulf ports was regarded with dissatisfaction. The settlement of the Interborough Rapid Transit labor question helped the level Transit labor question helped the local

ments will not figure in the bank statement. Some slight gain is therefore expected in the cash item, but the loan item is again a mystery. It is considered probable that last week's record expansion may have a counterpart in this week's statement. The complication of the reports of condition of the city trust companies on Dec. 21 seems to throw light on the movement of bank loans. Compared with June 30, preceding the trust companies have increased their deposits over \$125,000.000, while the cash to their account in banks had been reduced \$53,674,404.

The trust company loans for the same period were increased \$231,476,762.
With the profitable money rate for the last of the year it is clear that the trust companies were lending out their own deposits, instead of leaving them in the banks. With the decline in money rates since the first of the year, it is equally clear that the trust companies have made enormous redeposits in the banks, which have had the responsibility of finding use for the funds, upon which they must pay the trust companies 2 per cent. The condition of the week's money market makes probable a further enormous taking over of loans by the banks from the trust companies. The late break in sympathy with Amalgamated Copper was partly retrieved, Erie leading the rally again as in the previous upward tendency. The closing was firm. Bonds were firm. Total sales, (par value), \$5,425,000.
United States 28 declined % per cent.

Transit labor question neiped the local tranctions.

The appointment of a receiver of the Standard Rope & Twine company was so entirely ignorded as to arouse curious comparisons with the market effect of episodes in the career of predecessors of that corporation. Uncertainty over temperow's hank statedecessors of that corporation. Uncertainty over tomorrow's bank statement added to the hesitation of the late market. The receipts of currency on balance from the interior seems sufficient to about off-set the export of gold, although tomorrow's gold shipments will not figure in the bank statement. Some slight gain is therefore expected in the cash item but the

ago,
Predictions that through rates in grain from Missouri river points would greatly increase arrivals here had a weakening effect on the corn market. May opened by to be lower at 45½ to 45%, sold between 45½45½, and 45%465½, closed at 45½. Receipts locally were 190 cars, none of contract grade.

A heavy undertone, with a downward tendency of prices, existed in the oats some selling of provisions, resulting in aleasy market.

The leading futures ranged as follows: WHEAT-No. 2-| Open. | High. | Low. | Close. CORN-No. 2-| Open. | High. | Low. | Close. Assessment No. 3.

PETRO MINING COMPANY, PRINCIpal place of business, 305-308 Auerbach building, Salt Lake City, Utah; location of mines, Bingham, Utah. Notice is hereby given that at a meeting of the board of directors of the Petro Mining company, held on the 16th day of January, 1904, assessment No. 3 of three (3) cents pershare was levied upon the capital stock of the corporation, issued and outstanding, payable immediately to the secretary at the company's offices, 305-308 Auerbach building. Salt Lake City, Utah. Any stock upon, which this assessment may remain unpaid on Saturday, the 18th day of February, 1905, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on Saturday, the 11th day of March, 1965, at 1 o'clock p. m., at the company's offices, to pay the delinquent assessment thereon, together with the costs of advertising and expense of sale.

F. M. OREM, Secretary.

First publication, Jan. 17, 1965.

Notice of Stockholders' Meeting.

NOTICE IS HEREBY GIVEN THAT
the annual meeting of the stockholders
of Beck's Sait company, a corporation of
Utah, is hereby called and will be held at
the parlors of the Wilson hotel in Salt
Lake City, Utah, on Friday, Feb. 3, 1905,
at 1 p. m. Lake City, Utah, on Friday, Feb. 3, 1999, at 1 p. m.

This meeting was called in accordance with the articles of incorporation of said company by reason of the fact that said company failed to hold its regular annual meeting for the year 1904, and is called at the above place for the reason that it has no general office at said Salt Lake City, and is called for the purpose of electing a board of directors for the ensuing year, and to transact such other and further business as may come before the stockholders.

By erder of the president.

By R. L. TAYLOR, Secretary.
